Details :

Lens Construction: Engineered from PC lens, offering precise optical clarity and complete impact protection;

Triple Layer Triple Density Face Foam: Triple layer foam works in conjunction with the ultra flexible TPU frame to create a snug fit against your face for maximum protection against wind and snow;

Elastic Straps: Straps can be adjusted for fitment and comfort, with custom logo printed or stitched or 3D embroidered on the straps;

Silicon Lined Strap: Silicon lined strap offers a non slip fit that keeps your goggles in place all day;

Interchangeable Lens: Lens can be quickly switched to match changing conditions with replacement lens;

Ultra Flexible TPU Frame: Providing a superior fit combined with lightweight comfort all day;

Tear offs: Available standard or laminated tear offs, available for tear off pins on lenses;

Maximised Vision: Frame or frameless design extends and maximises vision to enhance spatial awareness, improving your performance;

Anti Fog and Anti Scratch: Lens are anti fog and strengthened lens, protect lens from being scratched and keep lens from being fogged;

Color: Available in different frame color, lens color, strap color, etc or produce color as per client's requirements ;

100%UV Protection: Complete protection against all harmful UV light, our lens filter 100% of UVA and UVB rays to 400nm and exceed EN ISO 12312-1:2013 CE and ANSI Z80.3 FDA standards
